GAME BALL

Game balls are supplied by the league. The home team will provide the game ball for each game.

TEAM LOCATION ON SIDLEINES

The home team will located on the North or East sideline, away team will be located on the South or West sideline as shown on the field layout diagram for the season underway. The sideline for the home team will also be marked on each field. ***NO GAME WILL BEGIN UNTIL BOTH TEAMS ARE LOCATED ON THE APPROPRIATE SIDELINE.**

PRE-GAME INSPECTION

The Referees will inspect the players on each team for proper spikes and shin guards before the start of each game. No child will be allowed to play without shin guards. Board members may randomly request that team rosters be verified prior to each game. Unregistered children (per the official roster) will not be permitted to play. Referees will notify the board of teams found with unregistered players.

CSL SOCCER LEAGUE PHILOSOPHY

The objective of youth soccer should be for the players to have fun. Coaches and parents should teach good sportsmanship, self-reliance, and teamwork. The emphasis should not be on winning, but on team participation and self-improvement in skills, coordination, and strategy.

The goal of every youth soccer coach should be to provide every player with opportunities to reach his maximum potential in the game of soccer. Coaches must balance fun and discipline according to the ages and ability levels of their players. Coaches should evaluate players’ strengths and weaknesses in such areas as size, speed, physical strength, endurance, coordination, ball control, and tactical abilities—the ability to read and understand the game of soccer.

The league places the game of soccer ahead of any desire to win, regardless of level of play. If any administrator or coach, no matter how capable, fails to control his, or has players who consistently contravene the laws of soccer, the League will act to remedy the situation. Disciplinary action may include the suspension or expulsion of either the coach, the player, or the team. Such discipline should

only come when absolutely necessary and only after the other avenues for remedial action have been exhausted.

COACHES CONDUCT

Coaches are expected to conduct themselves properly at both games and practices. Coaches are a role model for many children and should not be seen smoking or heard using foul language. Keep in mind that your players as well as their parents are watching and forming their opinions of the League and the game of soccer based on your actions. Abusive language and behavior towards players, referees, other coaches or parents will not be tolerated. The league reserves the right to place a coach on probation, suspension or dismissal for inappropriate behavior. Red Cards to coaches will earn an automatic suspension; length of suspension will determine based on the referee reports.

Referees have been instructed to take the following actions if there are problems.

1. Call coaches to the center of the field and give a warning and/or a 5 minute “cooling off” period.
2. Present a yellow bench card to the offending team(s).
3. Present a red bench card to the offending team(s).

Follow-up action will then be taken by the League. Coaches are also responsible for the behavior of the spectators on their sideline. No player may practice or play in a game without first submitting a signed registration form. If a player leaves your team please mail his registration form to the league together with the refund form supplied in this packet. If necessary, please remind your parents that:

1. Children need example, not criticism.
2. Their child’s experience should be positive and without pressure.
3. We all should applaud good plays by both teams.
4. Coaches will coach from their side of the field only, and coach between the 18 yard lines and not beyond.
5. No coaching or cheering from the end lines.
6. Coaching (by parents or coaches) from both sides of the field is prohibited.

SPORTSMANSHIP

At the completion of each game it is required for all team members, coaches, and assistant coaches to meet on the field and shake hands. The referee will observe the players and coaches during this time. All FIFA rules on conduct are in force during the handshake.

We encourage teams to not let the score differential in a game become too large. If a team is trailing their opponent by 4 goals they are permitted to add a player on the field. For each additional goal above 4 the trailing team can add another player. When the trailing team scores a goal to narrow the 4+ goal differential they should pull one of the extra players from the field. The winning team may also pull players from field and play shorthanded in an effort to make the game more even. If the trailing team does not have subs to add extra players the winning team is required to remove a player from the field for each goal above the 4 goal differential. Coaches are encouraged to use their best judgment in trying to keep the score reasonable and should use tactics with their team to prevent the score differential from becoming excessive.
